## **DETAILED ACTION**

### ***Response to Amendment***

With reference to the Interview Summary of 11/12/2004, Advisory Action mailed 11/02/2004 has been withdrawn and *After-Final Amendment* filed 10/18/2004 has been entered in light of Applicant's convincing arguments that the limitations of dependent claims 4, 5 and 18 had been both fully and exclusively entered into their independent claims 1, 2 and 17, respectively.

In said Amendment Applicant cancelled claims 4-6, 9, 12, 15-16 and 18. All pending claims 1-3, 7-8, 10-11, 13-14, 17, 19 and 20 have been substantially amended at least through substantial amendment of claims 1, 2, 3, 17 and 20.

### ***Priority***

1. Acknowledgment is made of applicant's claim for foreign priority based on two applications filed in Japan on 12/06/2001 and 12/21/2001. It is noted, however, and it has been noted before (cf. Forms PTO-326 of both the Non-Final Office Action mailed 12/17/2003 and the Final Office Action mailed 07/13/2004) that applicant has not filed a certified copy of the Japanese applications as required by 35 U.S.C. 119(b). Applicant is invited to file said certified copies without which no foreign priority claim can be granted.

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Franco Delaguori on 11/12/2004.

The application has been amended as follows:

**BEGIN EXAMINER'S AMENDMENT**

*Claim 17:* the wording "generally parallel" (line 19) has been replaced by "planar".

**END OF EXAMINER'S AMENDMENT**

**REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: closely related art is Kashiwagi et al. However, with regard to independent claims 1, 2, and 17, while Kashiwagi et al teach a holding structure (cf. third sentence of English abstract), Kashiwagi et al do not teach the limitation that the holding structure is to comprise two holding members one of which engaging with engagement portions of the liquid crystal device extending from respective ones of the first surface portions. No prior art has been found that teaches said limitation or over which said limitation is obvious. Finally, a previously indicated objection to the use of the wording "at least one second surface portion" (claim 1, lines 9 and 15; claim 2, lines 9 and 16) is withdrawn in light of the interpretation of "first surface portion" and "second surface portion" as portions possibly contain more than one portion, the latter being enumerated separately.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
